Cutting edge design and fast production

A DAY 1® 85’ fly was launched in June 2016.

- Larger version of the concept: a 190 pax day charter with large roof and flybridge accessible to passengers

- Short project schedule : the order was placed in november 2015, construction started in january, and the boat was lauched in june 2016

- Structure approved by Bureau Veritas, and compliant to spanish rules

- Monolithic composite material glass/polyester resin in the loaded areas, and sandwich all over, in order to reduce the weight of the boat

- Hardware is simple and functional. No lines run through passenger areas

- Large passenger’s seats are made in ‘a lounge spirit’

- Large foredeck offers a real relaxation space for the passengers who can enjoy exterior spaces and 360° vision
