Light displacement:	45 T
Max load displacement:	75 T
Engine power:	2 x 325 ch
Sail area:	290 m ²
Fuel tank capacity:	2 x 1000 l
Fresh water capacity:	750 l
Holding tank:	1 500 l
Composite construction :	One Shape®
Homologation :	Devison 223B TPF

A revolution for passenger transportation

The DAY 1 85' Power is the result of several years of research and development. We kept the main success factors of our sailing range to decline the concept into a powered version.

Perfect for passenger transport operation, she combines the brand's cutting-edge design and the functionalities of a passenger ship. With the DAY 1 85 Power, deliver a unique experience to your customer.

More than just an elegant boat, she is the most efficient in the market. We reduced the gas oil consumption by 40%, compared to aluminum vessels. However, you can also choose a hybrid or electric motorization for a more sustainable operation.

The DAY 1 Power kept the same modularity as the sailing range, with a boat studied with you, for your operations. With all arrangements custom made.
